1. OBJECTIVE OF ITC CONFERENCE GRANTS

Conference Grants are aimed at supporting PhD students and Early Career Investigators (ECI, up to 8 years after PhD) from participating Inclusiveness Target Countries (ITC) to attend international science and technology related conferences not specifically organised by the COST Action.

2. ELIGIBILITY CRITERIA

- Applicants must be a PhD student or an ECI with a primary affiliation in an institution located in a COST Action SAGA participating ITC:
<https://www.cost.eu/actions/CA17131/#tabs|Name:parties>.
- Applicants must make an oral/poster presentation at the conference in question and be listed in the official event/conference programme.
- The main subject of the presentation must be on a topic relevant to COST Action SAGA (<https://www.cost.eu/actions/CA17131/#tabs|Name:overview>).
- COST Action SAGA (CA17131) should be acknowledged both in the book of abstracts and in the oral/poster presentation following COST guidelines (Section 10 of the COST Vademecum: <https://www.cost.eu/wp-content/uploads/2018/10/20180501-Vademecum2.pdf>).
- The participation must be pre-approved by the Action MC (i.e. the Grant is for future conferences and not for conferences which have already taken place).

3. SELECTION OF APPLICANTS

The evaluation of applications will be performed by the COST Action SAGA Core Group and the final selection of candidates voted by the MC. The selection of applicants is based on the following criteria:

- The scientific scope of the conference contribution must clearly complement the overall objectives of COST Action SAGA.

- Oral contributions will be given priority over poster contributions.
- European conferences are preferred, although conferences held elsewhere can be considered

4. FINANCIAL SUPPORT

The financial support on offer is a fixed financial contribution to the overall expenses incurred during the participation in a given conference and may not necessarily cover all of the associated expenses. It takes into consideration the budget request of the applicant and the outcome of the evaluation of the application. The following funding conditions apply and must be respected:

- **Up to a max of EUR 2500 in total can be afforded to each successful applicant**, including:
 - Up to a max of EUR 160 per day afforded for accommodation and meal expenses
 - Up to a max of EUR 500 for the conference fees

In addition, when meal and accommodation expenses are supported by the hosting institution as part of the provisions offered in their conference package, the amount for subsistence afforded to each eligible participant must be deducted from the Grant. Documentary evidence of the conference fee amount must be provided by the applicant.
