Dear friends and colleagues,

We are happy to announce that the next annual International Workshop on Archaeological Soil Micromorphology will be held at the Vrije Universiteit Brussel from the 6th to the 8th May 2024. The workshop is organised by the geoarchaeological team of the Archaeology, Environmental Changes & Geo-Chemistry Research Group (AMGC-VUB), with support from the Brussels Capital Region (Urban.Brussels).

The workshop will follow the tradition of the previous workshops: an informal meeting where participants are invited to bring their thin sections and where microscopy time and the exchange of ideas and experience prevail. 15 petrographic microscopes, two of which are equipped with fluorescence will be available. To assure sufficient microscopy time, there will be no oral presentation sessions, except for one or two key-note speeches. Instead, we will organise a poster session.

Registration and Expression of Interest:
If you are interested in attending the workshop, we kindly ask you to submit an expression of interest using the attached form before the 15th of January 2024.

If you have any specific questions, do not hesitate to contact us at yannick.george.devos@vub.be

Looking forward to meet you in Brussels next spring,

The organising committee,

Yannick Devos, Luc Vrydaghs, Mónica Alonso-Eguiluz, Meihui Li & Axel Cerón González
Expression of interest

International Workshop on Archaeological Soil Micromorphology and Phytoliths, Brussels (Belgium), 6th to 8th May 2024

WASM Brussels 2018
