

Arab Republic of Egypt
Academy of Scientific Research and Technology
&
National Committee of Soil Science
Organize

International Conference for Nile Basin Countries Entitled:

“Sustainable Development of Soil and Water Resources in Nile Basin Countries”

Under the Auspices of:

H.E. Prof. Dr.
Minister of Scientific Research

H.E. Prof. Dr.
Minister of Agriculture & Soil Reclamation

Date: 17- 19 October, 2016

Venue: Tiba Rose Hotel, Cairo

Important Dates:

1 – 31 Jun., 2016 is the deadline for receiving abstracts

2 - 31 Aug., 2016 is the deadline for receiving full text

Registration Fee:

- 350 US \$
- 400 LE for Egyptians
- 125 US \$ for accompanying persons

Excursions and Trips:

- One day field trip, Oct. 20, 2016 to know about soil types and agriculture activities in Egypt and visit the Nile museum
- Pre and post conference trip to visit Egyptian museum, old Cairo, Khan El-Khalaily, and see the Nile and new Cairo. Costs will be mentioned latter.
- Visit to Pyramids and Sphinx to enjoy light and sound show
- 2 or 3 days trip to Sharm El-Sheikh to enjoy the three S “sea, sand and sun”. Costs will be mentioned latter.
- 2 or 3 days trip to Luxor, Aswan and visit Temples. Costs will be mentioned latter.

Special program will be organized for accompanying persons

Organizing Committee:

1. **Prof. Dr. Abdelmonem Elgala, Chairman of National Soil Science Committee, prof. of Soil Science, Ain Shams Univ.**
2. **Prof. Dr. Ahmad Helmy Khater, Member of National Soil Science Committee, prof. of Soil Sci, National Research Center .**
3. **Prof. Dr. Abd-Alla Gad Abd-Alla Gad .Member of National Soil Science Committee, prof. of Soil Sci, National Authority for remote Sensing .**
4. **Prof. Dr. Moh. Desouky Helal, Vice Chairman of National Soil Science Committee, prof. of Soil Sci., Cairo Univ. Conference Rapporteur**
5. **Prof. Dr. Soad Al-Ashery. Member of National Soil Science Committee, prof. and Head of Soil Sci. Dept., National Research Center.**
6. **Prof. Dr. Haythum salem, Member of National Soil Science Committee, prof. of Soil Sci, Benha Univ.**
7. **Dr. Mohammed Saffeldeen Abd-Elwahed, Member of National Soil Science Committee, Assistant prof. Soil Sci. Ain Shams Univ.**
8. **Miss Thaana Adil, Secretary of National Committee of Soil Science**

Conference Themes:

1. Soil resources in Nile basin countries and optimum management to overcome the encountered problems.
2. Cooperation between Nile basin countries to control desertification, erosion, degradation and soil pollution
3. Sustainable agricultural development of Nile basin countries
4. Hydrology of Nile River.
5. Water policies in the Nile basin countries.
6. Causes and sources of pollution of Nile River.
7. The scientific cooperation between Nile basin countries to control water pollution.
8. Enhancement of scientific research cooperation between institutions in Nile basin countries.

Objectives:

1. Enhance and strengthen relationships between Nile basin countries in the field of soil and water management.
2. Open communication channels between Egyptian scientific associations and their counterparts in Nile basin countries.
3. Develop strategies for scientific cooperation between Nile basin countries in the field of soil and water.
4. Encourage research cooperation between scientific institutions in Nile basin countries.
5. Explore the potential for joint venture between scientific institutions in Nile basin countries.
6. Strengthen the Egyptian role in enhancing scientific relations between Nile basin countries.
